

Slimline Blinds

NBS offers **two** different systems for Aluminium Venetians (Slimlines). We have the Slimline 25mm and the Wideline 50mm systems. Both these systems use the world-famous Faber Aluminium Slat and Faber Head rail and Bottom rail. The Wideline 50mm system is available in Three (3) Slat colours with matching Headrail and Bottom Rail Colours. The Slimline 25mm system is available in Seventeen (17) Slat colours also with matching Headrail and Bottom Rail colours. (Please refer to chart on the last page).

The **Slimline 25mm** system features a contemporary square headrail which is complemented with a smooth curved bottom rail which sits neatly at the base of the slats offering a modern finish. The **Slimline 25mm** also features a wand and cord operation offering smooth and precise control of light with a simple open and close movement of the slat.

The **Wideline 50mm** system uses the same reliable headrail and components of all the 50mm Timber Venetians and can cover almost 10sqm with a single blind. Faber Aluminium Venetian slats are engineered and manufactured in Europe from 0.215 high grade aluminium to maximize the strength of the slat. They are renowned for their high-quality slat that is flexible, resistant to kinking and buckling, will not chip or flake and an extensive painting process that protects against corrosion.

Installation of the system is quick and easy for nearly every type of window

1. Please deduct 5mm from the width and 8mm from the drop when ordering a "Recess" for Slimline 25mm blind and Wideline 50mm. Unless you specify that NAM (No Allowance made), we will make all blinds to sizes you specify.
2. Blinds under 400mm carry a surcharge as per pricing table. These blinds are made by hand. These do not come with a Warranty.
3. The minimum size blind is 200mm wide for a Wideline 50mm and 115mm for a Slimline 25mm.
4. **Split Control for a (Slimline 221mm-350mm in width) and for (Wideline 301mm-450mm in width). Middle tilter only below those widths.**
5. Maximum Slimline 25mm width is 3000mm with a drop of 2000mm. Maximum Wideline 50mm width is 3200mm with a drop of 3000mm. The maximum area recommended is 6 sq/mt for Slimline 25mm and 10 sq/mt for the Wideline 50mm.

Slimline (Slimline 25mm & Wideline 50mm) colours are all in one group making pricing an easy task. Slimline 25mm pricing and Wideline 50mm fall under GROUP 1.

25mm and 50mm Blinds

Aluminium slats are available in a wide variety of durable colours. Slats are designed to compact neatly, reducing stacking-bulk when not in use and are made from 95% recycled materials. The slats are uniquely made to a thickness of 0.215mm, in comparison to others in the market at only 0.14 to 0.195mm. What this means to you and your client, is better 'bounce' back of the blade on twisting and reducing of accidental damage.
