

Tuscany Blinds

NATIONAL
BLIND
SUPPLIERS

TUSCANY has several features that provide competitive advantage over other PVC based systems sold by competitors in Australia. Tuscany has been specially developed to better handle typical Australian conditions, through its unique high temperature chemical formulation and co-extrusion production technology. Rated up to 55°C, Tuscany will outperform almost all other PVC products sold in Australia.

While Tuscany is a high-quality product, like any plastic slat product, it can have some limitations in extreme conditions. It is not recommended that very dark colours be installed into windows that receive full sun and where the temperature exceeds the Tuscany rating of 55°C which does happen, especially for North facing windows. Tuscany offers a contemporary color palette with some 50mm slat available in smooth and embossed and 63mm slat in smooth only.

1. Please deduct 10mm off the width and 15mm off the drop when ordering a "Recess" fit blind. Unless you specify that "NAM (No allowance made)", we will make all blinds to sizes you specify.
2. A **maximum width of 2700mm** for Slat, Bottom rail & Fascia
3. **Minimum Blind size is 180mm.** Blinds **under 400mm** carry a surcharge as per pricing table. These blinds are made by hand. These are not supplied with a warrantee. Please also be aware that blinds **under 250mm** will not have lift cord, these are tilt only.
4. Please advise if Face or Recess on the order form. This is for bracket purpose only.
5. Minimum cord length is 500mm
6. For Butting blinds, please deduct 70mm off the butt blind for face and 80mm for recess.
7. Box Brackets come standard with blinds under 250mm in width otherwise they are \$7.00 pair and centre support brackets are \$2.20 each. Hold Down clips only come standard with blinds under 400mm in width otherwise they are \$7.00 pair.
8. Common Headrails are not available but common fascia can cover two or more blinds up to 3000mm.
9. Also, please note: Cloth tapes have been discontinued except for white 50mm, however we have some leftover stock for your Tuscany Blinds as illustrated below: Cloth Tape has surcharge of 20% on the blind price.

Colour 8000 for Slat colours Snow White, Pearl White & Oyster White

Colour 8028

Colour 8100

Colour 8018

10. Cutouts are available however, the **maximum cutout is 130mm**. Add \$25.00 for each cutout.
11. Some **benefits** of Tuscany are that it is suitable for wet areas such as bathrooms and laundries, TUSCANY can be immersed in water and easily cleaned with a mild detergent. It can also be sanitized and disinfected for approval in hospitals and medical centres. TUSCANY is **FIRE RETARDANT** (testing to AS 1530). This product is environmentally friendly.
12. Colours available for **50mm Smooth** Snow White, Raw Cotton, Pebble, Pearl White and Oyster White, and for **50mm Embossed** is Snow White.
13. **63mm comes in Smooth only**: Colours are Snow White, Pearl White and Oyster White
14. Valance is 82mm wide which allows complete coverage of the standard high profile headrail system.
15. Stacking height is approximately 15% of Drop
16. Tuscany specifications

The **Tuscany** range includes the following basic components:

- 50 x 3.0mm slat
- 63 x 3.0mm slat
- 82 x 8.3mm "Harbour Bridge" valance or fascia
- 50 x 14.5mm H-profile Bottom Rail

Matching valance and fascia are available in all colours and textures.
