# CONDITIONS OF SALE

## **Warranties**

**Creative Wholesale Blinds (CWSB)** Warranty provisions are limited to the replacement of any Components and Fabric found to have manufacture defects, within 5 Years of manufacture.

**CWSB** will not warranty any blinds, according to the following:

- Any oversized blind which is ordered outside normal specifications or price grids
- Issues due to incorrect installations
- Storm damage
- Defects such as misuse, alterations, maintenance & care not according to our instructions or not carried out by **CWSB**.
- We will not take responsibility for any further loss or damage e.g. Installations costs and other expenses.
- Insignificant wear and tear

**Fabric flaws:** The customer must notify **CWSB**. Before any decision regarding flaws can be made, the customer must deliver the blind/s mentioned to our store to be assessed by the supplier of fabric.

## **Returned Goods**

**CWSB** will only accept returned goods with prior authorisation.

No claims for damage or defects will be recognised after 7 days from collection date of the finished products from our factory.

Upon return to **CWSB**, the goods must arrive in appropriate packaging and will be inspected by a staff member. When goods are returned to our factory, an Order form MUST accompany the goods and a copy be emailed or faxed to our office. Each blind is to be labelled with the Company and Account name. If no Order form is supplied, the returns will be put ON HOLD until the appropriate paperwork is received.

## **Order Forms**

We accept Orders via fax or email. We do not accept any Order/s via telephone.

If the Order form/s does not have the required and correct information, the Order/s will be placed ON HOLD until customer notifies the correct details.

## **Cancellations**

Only written cancellations via fax or email will be accepted. If the manufacture of the goods has not commenced, the cancellation will be accepted.

## **Payment Terms**

- Account Customers – Nett 30 days from Invoice date.
- New customers are to be placed on C.O.D terms until further notice.
- An Automatic Stop supply process will apply 30 days from the statement date, if the required payments are not up to date.

## **Delivery**

Freight will be charged according to suburb/town areas – per delivery. For heavy tubes and goods, our driver will need assistance at your depot to unload.

## **Pick-up of Goods**

All Installers or your company representatives MUST see a **CWSB** staff member and sign the 'Pick up Registry'. Goods are to be picked up within 7 days of notification by Invoice.

## Auto Awning

### Standard features

- Spring Operation
- 50mm or 63mm Tube depending on width and drop
- Hood/Head Box
- 1 Pair of Auto Guides 300mm shorter than the drop of the blind
- 1 Pair of 300mm Auto Arms (other sizes available on request)
- 1 Pair of U Brackets
- 1 x 1.5m Pull Stick per supplied order (Extra Pull Stick @ \$15 each)

Automatic Awnings are built tough with sturdy solid side guides and arms. The arms are set off the walls and allows for a generous flow of air into open windows and prevents heat from being trapped between the material and your home. A springloaded top roller keeps the Awning under constant tension and helps maintain a taught, neat look over its lifetime. A simple twist and lift mechanism allows for the quick setting of desired positions anywhere along the automatic guides.

## Auto Awning [Uniline System]

## Wire Guide Awning (Crank/Geared Op)

### Standard Features

- Crank/Geared Operation
- 1 x 1.5m Crank Handle supplied per order (Extra Crank Handle @ \$25 each)
- 50mm or 63mm Tube depending on width and drop
- Hood/Head Box
- 1 Pair of Stainless steel wire cable

Wire Guide Awnings are suitable for expansive windows and outdoor areas that require sun protection and privacy. The benefit of the wire guide system is that it allows the blind to be dropped to any particular height without it moving in a breeze and can be operated by either crank handle or motorised. The stainless steel cable and fittings are corrosion resistant and tie in well with stainless wire balustrade.

## Wire Guide Awning (Crank Op) [Uniline System]

# VEUE ZIPSCREEN

## PART A – GENERAL SCHEMATICS

The Zipscreen system offers the most options and flexibility for all applications. The perfect solution for outdoor entertainment areas in both commercial and residential settings, the system is designed to permanently secure fabric in its side channels providing the benefits of wind and insect protection, light/UV block out and noise reduction.

Note: This configuration is primarily shown throughout the manual

## SYSTEM INDEX – ZIPSCREEN, BOX 120, MOTOR, F56 WEIGHT BAR, ULTRA LOCK

1.	Box 120 Back	10.	Zip   No.6 Gauge
2.	Box 120 Full Cover	11.	7.2mm Tail Spline
3.	Box 120 End Plate Set + Screws	12.	F56 Weight Bar
4.	Automate FT 560 EL Motor	13.	Ultra-Lock Seal
5.	78mm Drive	14.	Zipscreen Weight Bar End Cap Set + Screws
6.	63mm Bearing Idler	15.	Zipscreen Ultra-Lock Set + Screws
7.	Idler/Spring Adaptor	16.	Zipscreen   Zip Inner Rail
8.	78mm Tube – Aluminium & Steel	17.	Zipscreen   U Mounting Rail
9.	Zipscreen Reducer 78 63mm	18.	Zipscreen   Inner Rail Funnel & Stop
		19.	Zipscreen   Inner Rail Bottom Cap
